SUCCESS STORY FROM AGIDTTR ALUMINI (ENGLISH)

I am Kamlesh Pargi. I am from Idar Taluka of Sabarkantha district. My family consists of two younger brothers, a sister and my parents. I am the eldest child of the family. The financial condition of my family was very bad. My parents used to work as daily wage labourer. The house in which we used to live was in a very bad shape. To support my parents I had to leave my studies in 9th standard and forced to do labour work.

Once I meet my friends who had studied at AGIDTTR. They were doing jobs. While interacting with them I got to know about AGIDTTR. I also got to know that AGIDTTR provides excellent driving training and provide placement. I decided to join this institute. I called up at the institute and took admission in the 37th Batch.

I was amazed by the large building and driving track. The institute was clean and the staff was very cooperative. The hostel facility was beyond my expectations. The food was of good quality. The course curriculum was very well designed. The most impressive part was the practical training. First I was trained on simulator and then on the driving track. After training on the track I was taken on local roads. After getting the confidence on local roads I was finally taken on Highway and City for training. The Instructors provided me guidance for safe and efficient driving during the training. The Theoretical part was well designed. Apart from basic driving theory, classes were also conducted on personality development, general knowledge and English. I was also trained for interview and resume writing.

After the course was over I was placed as a driver of Dr. B.T. Patel. He is a well known doctor of Idar. I am getting salary of Rs. 6000. Apart from salary I fetch Rs.2000 extra in the form of overtime. This salary is supporting my family financially.

I wish that like me the other students should also take admission in this institute. This institute has changed the life of people like me and I give my best wishes to the institute.

GOOD BYE AND SEE YOU NEXT MONTH
